The community has an opportunity to learn more about the proposed Tryon Creek Wastewater Treatment Plant facility project during a virtual information session in mid-October.

The cities of Lake Oswego and Portland and Tryon Creek Wastewater Treatment Plant team members will host a community information session via Zoom from 6 to 8 p.m. Wednesday, Oct. 13.

The current Tryon Creek Wastewater Treatment Plant, which is owned by the city of Portland, was built in 1964 and needs to either be rebuilt or upgraded to meet regulatory requirements. At this point, the city intends to build a new plant that would be owned by Lake Oswego, operated by an outside firm and provide service for Lake Oswego and parts of the greater Portland area.

This past May, the council selected EPCOR Foothills Water Partners to design, build, finance, operate and maintain the new plant.

During the information session, people can tune in to learn more about the project, ask questions and provide feedback.

People are required to register (<https://bit.ly/LOInfoSession>) for the free event in advance. For more information about the project, or to sign up for e-news, visit the city's website. (<https://www.lakeoswegowastewaterfacility.org/>)

An advertisement for Understood. The top left features the Understood logo (a white 'U' on a blue background) and the text 'Take N.O.T.E.™ by Understood'. The main image shows a young boy with dark hair, wearing a blue long-sleeved shirt with yellow cuffs, sitting at a table and eating from a light blue bowl. The background is a bright, indoor setting. In the top right corner of the ad, there is a small blue icon of a play button and a close 'X' button. The bottom half of the ad has a light pink background with the text 'If your child struggles with focus' in bold black font, followed by 'They may have a learning' in a smaller black font. At the bottom left of this pink section is a rounded rectangular button with the text 'Learn more' in black.
